ABOUT THE CONFERENCE 1985-2023

The 2023 Annual Environmental Training Symposium and Conference is presented by the Industrial Environmental Association

For 39 years the Conference has excelled in providing a balance of valuable information including environmental compliance guidance, and regulatory and legislative updates.

ATTENDEES

The 500 attendees consist of environmental, health, and safety professionals, NGO representatives, environmental engineers, environmental consultants and attorneys, and government affairs representatives. These attendees represent manufacturing, biotech, and high-tech companies, as well as the Department of Defense, and federal and state regulators.

SPEAKERS AND PANELISTS

Speakers and panelists include California legislators and regulators who are at the forefront of environmental policy at the State and Federal level. Additionally, you will find award-winning consultants, representatives from a variety of non-governmental organizations, and leading California businesses.
